Our Mission:
Making homes safe and secure for low-income homeowners

You Helped Ms. Connie

"The gift of a new roof is so overwhelming. This gift has lifted my entire being - my heart, my soul, my health, because you helped my home!"

Ms. Connie has lived in her home for 6 years and has spent 4 of those years waiting for a new roof. Although she saved money every month to go toward repairing her home, Ms. Connie's back problems and limited income made replacing her roof nearly impossible to do on her own.

In addition to her roof, her back door wouldn't lock, and her bathroom subfloor was so damaged that Ms. Connie worried she would fall through when stepping on it. "I try, but it is so hard to be able to pay to get everything done at my income level," she said.

Revitalize T-Town was able to complete all these repairs for Ms. Connie, making her home a safe place to live. After seeing the long-awaited repairs, she said, "You have no idea how good it feels to have my home fixed up."

Ms. Connie was so grateful for the work that Revitalize T-Town did for her that she sent a handwritten thank you letter. "To see all these things manifest has filled me with hope again for my final years," she said. "This gift has lifted my entire being - my heart, my soul, my health, because you helped my home!"

Ms. Beverly Needs Your Help!

Ms. Beverly has lived in her home for 45 years and raised her 4 children there. She recently had an open heart surgery, and with recovery and aging, is having a hard time getting around her house. Ms. Beverly has unstable flooring in her kitchen and bathroom and struggles getting up and down her stairs without a grab bar or railing to hold on to. In addition, her home has been broken into 10 times in 45 years - several times through an unsecured sliding door going into her kitchen.

Ms. Beverly is in need of home repairs to ensure she has a safe place to age in place. Together, we can make a difference for homeowners like Ms. Beverly this year!

Vision:
A safe and healthy home for everyone
